

Little Red Caboose Sickness Policy

We try very hard to keep our centers clean and disinfected every day. We also need your help in trying to keep illness from spreading throughout the centers.

When sick children return to school too soon after an illness they spread the illness to others.

It is for this reason that we require children to be free from fever, vomiting or diarrhea for at least 24 hours before returning to school.

If your child's illness requires a doctor's visit, please bring a note from your Doctor stating when your child may return to school.

Thank you for your cooperation!

I understand and will adhere to the Little Red Caboose sickness policy.
